

Handles

All our handles are made from European Ash. We're a proud member of FSC.

The FSC membership guarantees that all our wood is coming from controlled forestry. The trees are not just cut down, it is controlled, maintained and guaranteed that the trees will be replaced to keep a green environment.

By using the European ash we can guarantee that we have the best wood for the best tool.

Buy FSC wood to keep our World for the generations after us.

Display's

We have a standard display's programs.

õBronzeö is the 2 meter walldisplay for starters which has easy to sell standard gardening tools.

õSilverö is a 3 meter walldisplay with some specialties, like Spork, corkscreweder and bulbplanters.

õGoldö is our 4 meter walldisplay with the best range of gardening tools. This display includes also some basic forestry tools.

Our displays won the Golden Award on BBC Gardeners World Live Show 2008.

Buying

First of all you have to find out what kind of display fits in your garden centre of garden shop.

On www.gardenersfirstchoice.com we show our latest productnews, the full range of display's and our full contact details.

Things like headboards can be custom made with your company logo on it.
